

SKALS

- we'll sort it out!

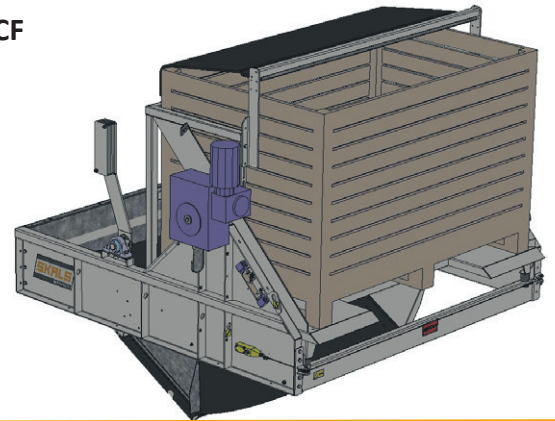

Boxrotator

Type: KCF1600 / KCS1800 / KCS1600

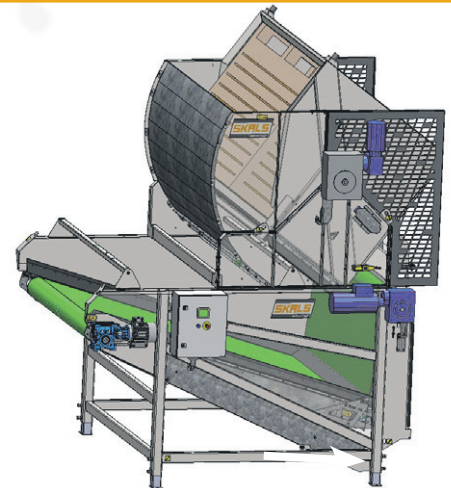

Flexible and gentle box tipping

KCF

KCS

Functions

- Rotation angle of 180° and a "chock-stop" ensures completely empty boxes
- Sensor controlled rotation gives a gentle handling
- High rotation speed on return cycle brings the cycle time down to 32 sec.
- Energy efficient solution based on rotation around the center of gravity
- KCF - based on balanced fall breaker enables a gentle silo filling
- KCS - a round guide minimizes drop height to the SKALS Evenflow or cross conveyors (Back page)
- KCS double rotator enables a continuous flow feed and effective forklift routines. (Back page)
- Remote control is standard
- Box sizes up to 1800 x 1200 mm
